

EVERPURE DUAL-TEMP FAUCETS

DUAL-TEMPERATURE FILTER FAUCETS FOR THE HOME

Pentair Everpure® hot/cold drinking water faucets deliver cold or ambient filtered water and near boiling instant hot water from a single spout. They are exclusively designed to be used with the Everpure Solaria Hot Water Dispenser and other vented instant hot systems. The cold side may be connected to the Everpure Polaria Water Chiller for refreshingly chilled drinking water or simply enjoy ambient filtered water from any Everpure Drinking Water System. Constructed of solid stainless steel, and available in two different finishes, these faucets provide lasting durability for your family's drinking water pleasures.

Everpure Dual-Temperature Drinking Water Faucets are engineered to be used with:

- Everpure Drinking Water filtration systems
- Everpure Solaria Instant Hot Dispenser Model CGHE-1
- Everpure Polaria Water Chiller Model CGCL-1

FEATURES/BENEFITS

- Dual handle design
